Roger Gonzalez - President & Founder

Mr. Gonzalez has been in the insurance industry since 1988. He earned a degree in Computer Science from the City University of New York and began his career as a programmer analyst with Equitable Life Assurance in New York City. After rising through the company, he continued to progress to Underwriting and Policy Issues. In 1988 he moved into the sales arena and later that year he joined a local Florida RMO. Seeing the market potential in the area, he decided to start his own agency and has successfully grown that business for the last 25 years. The success of NMGS is rooted in the philosophy that the company and sales teams are never complacent, never quit and maintain high credibility with agents, staff and clients.

"We never started out to be the biggest insurance agency in South Florida, just the best."
